

EXCELLENCE IN CAREER & COLLEGE PREPARATION

With remote learning and educational budget cuts, it is becoming increasingly difficult for students to receive sufficient college and career preparation from school-based resources alone. If you are looking to help your student make wise choices for their future, our college and career planning services may be the best financial decision you can make.

At NEPA College and Career Counseling Associates, we serve:

- Students grades 8-12
- Transferring college students
- College or career-bound students with special needs

We can help your student:

- Identify career interests and set educational goals
- Assess academic credentials/transcripts, college preferences, finances and individual needs
- Brainstorm, edit and critique college essays
- Learn about admissions tests and tutoring opportunities
- Assist with college application, financial aid and scholarship process
- Develop a timetable for deadlines and requirements
- Prepare for college interviews and tours
